In his new role, JK will be responsible for developing and implementing an information technology strategy that meets Allison Transmission's business needs, delivers optimal return on investment, and maintains the utmost security. He will provide direct leadership for all IS&S related functions and manage the company's network of external service providers.

"I am honored to be joining the innovative, industry-leading team at Allison," said JK Pareek, Vice President of IS&S, CIO of Allison Transmission. "I'm eager to contribute to the company's longstanding commitment of delivering reliable, durable, cost-effective solutions for its customers and partners."

Prior to joining Allison, JK was the Vice President of Global IT and Chief Information Officer for Nidec Motor Corporation in St. Louis, MO, for five years. In addition, he previously spent three years
